

# Hydroelectric Report - Real Property

This form is issued under authority of P.A. 206 of 1893. Filing is mandatory. Failure to file is punishable by fine and/or imprisonment.

Name of Business	
Address (Post Office, RR#, City, State, ZIP)	
Name to which correspondence should be addressed	Telephone Number
E-mail Address	

## INSTRUCTIONS

The attached original cost composite multipliers are for use with the cost approach to value. In addition to the cost approach, the assessor/appraiser should also consider the sales comparison and income approaches.

**LAND** - List dimensions for platted lots and acreage for larger parcels.

**LAND IMPROVEMENTS** - List all major improvements to land such as paving, railroad sidings, fencing, tanks, water systems, docks, retaining walls, sewage treatment facilities, roads and bridges, etc., giving year built or acquired and the original cost.

**BUILDINGS** - List each building separately giving the year built or acquired, type of building (office, warehouse, powerhouse, garage, shed, etc.) and original cost.

**Attach additional schedules if necessary.**

The assessor/appraiser should be aware of the following:

1. State Tax Commission's Assessors Manual, Volume 3, including Chapter 6, and Chapters 8 thru 15.
2. Bulletins of the State Tax Commission, including Bulletin 1 of 1999 regarding Self Constructed Assets.
3. The 50% Construction in Progress allowance for Electric Generating Facilities is intended for projects with a long construction period, such as 8 to 10 years or more.
4. STC Form 2698, *Idle Equipment, Obsolete Equipment, and Surplus Equipment Report* is intended for personal property, not real property.
5. Act 206 of 1893, including Section 211.7g which exempts certain, but not all, seawalls, jetties, groins, dikes, or other structures.
6. Additions and Retirements of units that have not been analyzed and recorded to the property ledger.
